A Moment In Time...

...we were Freshmen. It seems like yesterday we were using trays in the cafeteria, wearing our keys around our necks and thought nothing about walking the halls of Spellman in our towels. And who could live without shower shoes?!? We were free! No parents, no curfews – we could finally live it up – and we did! In Spellman our doors were always open. In just one night we gained a hallway of friends. Together we went through it all – blackouts, homesickness, drunken sickness, sleep deprivation and the freshman 15!

The most important event, however, that brought us close together happened only the second week into the semester – Tuesday, September 11, to be exact. From seeing the smoke in the distance while standing on the Quad to trying to call home or waking up your roommate or telling your friends who had the early morning classes and were without a clue to the morning's events. The day was crazy for everyone. We were instantly more vulnerable and open to give and receive support from those we still did not know very well. We went through the single most important event in our lifetime and pulled through – making us stronger and creating a bond we will hold with us forever.

The joys of being a freshmen: hanging out on the quad or just chillin' in your new home - Spellman Hall.

Who could forget your first Midnight Brunch?

A Moment In Time...

...we were sophomores.
Portfolios to suites our life took part in six.
Two doubles, two singles, the fall of the Pitt.
This was the year Toni Smith gave her back to the flag.
Freedom rang through Manhattanville as we all stood by her side.
Always coming together we walked the labyrinth in memory of those who lost their lives in 9/11.
Reflection became our inspiration.
Unity became our salvation.
War entered our lives as our nation entered Iraq.

Adanna caught by surprise.

Lauren and Krista.

A Moment In Time...

...we were Juniors. We returned to school fall of 2003 ready to take on the world. Our portfolios were done and we did not have much to worry about – at least not until Senior year. But for now we were taking advantage of the school's new makeover. Classrooms were booted out of Spellman to make room for the extra hundred freshmen. The Pitt was closed and in return the library gained a Café. The Café has proven to be helpful in aiding us with late night study sessions in the stacks. Club 21's were in full effect nearly every Thursday – sometimes three times in one week!

Now back to those extra 100 freshmen. Not only was the ground floor of Spellman turned into another floor of residency but it staged a whole new problem when room lottery came about. Everybody knows Founders is the "Senior Dorm" – it's when Spellman comes back together! Unfortunately for us, administration did not see it that way. Our classmates decided to take a stand and stage a protest. Though we made some change in the way room lottery ran, most of us still could not get our "senior singles." With that aside we can at least say we had the first nice Quad Jam since before we were freshmen.

Lubin, Moises, and Neff.

A Moment In Time...

...we were seniors. The singles are gone and we have spread ourselves around campus, our last days are here. We have to scramble to get our portfolio finally done, 200 hundred nights will soon come and go, but first we must start our theses, do our final projects and finish student teaching. Full of ideas, inventions and new creations we will embark on wonderful new journeys. Some of us will go into the working world; and others will go to grad school. A moment in time we shall all take, to remember our past and encounter our future with open arms. Also this year we will take part in the most decisive election in our history.

Nevertheless, wherever we end up in our lives, we will always reflect on our years here at Manhattanville. From the first day on campus when our parents dropped us off and drove away, to later that year when we realized that we had made new friends. We all grew up a bit each year. And now a reflection to the past shows all the information we have acquired from our teachers, our counselors, and our friends. The world is constantly evolving and here at Manhattanville evolution is made possible day after day.

Julie, Denise, and Nicole.

Keshar, Patricia, and Dave.

A Moment In Time...

...it is graduation. This is the day we yearn for since day one of freshman orientation. Senior year was busy between theses, projects, last minute requirements, 200 nights, 100 nights, 50 nights and now it is all done. Some may wish they had done more and some may wish they had done less – either way it is time to move on.

The freedom we gained as freshmen has escalated. We are now ready to step foot into the real world (as scary as that may seem). The "real world" will be different for each of us. Some will further their studies in graduate school, while others begin their working careers or even start to "settle down." Whichever path we choose we will always have the memories and values that we have gathered here in our years at Manhattanville.

The final countdown to graduation begins on this night. Only 200 nights to go. Celebrated at Manhattanville with an annual Halloween party for seniors and the rest of the campus to enjoy costumes, dancing and all around fun.

HEAT

"Friendship is the hardest thing in the world to explain. It's not something you learn in school. But if you haven't learned the meaning of friendship, you really haven't learned anything"

-Muhammad Ali

"A friendship can weather most things and thrive in thin soil; but it needs a little mulch of letters and phone calls and small, silly presents every so often - just to save it from drying out completely."

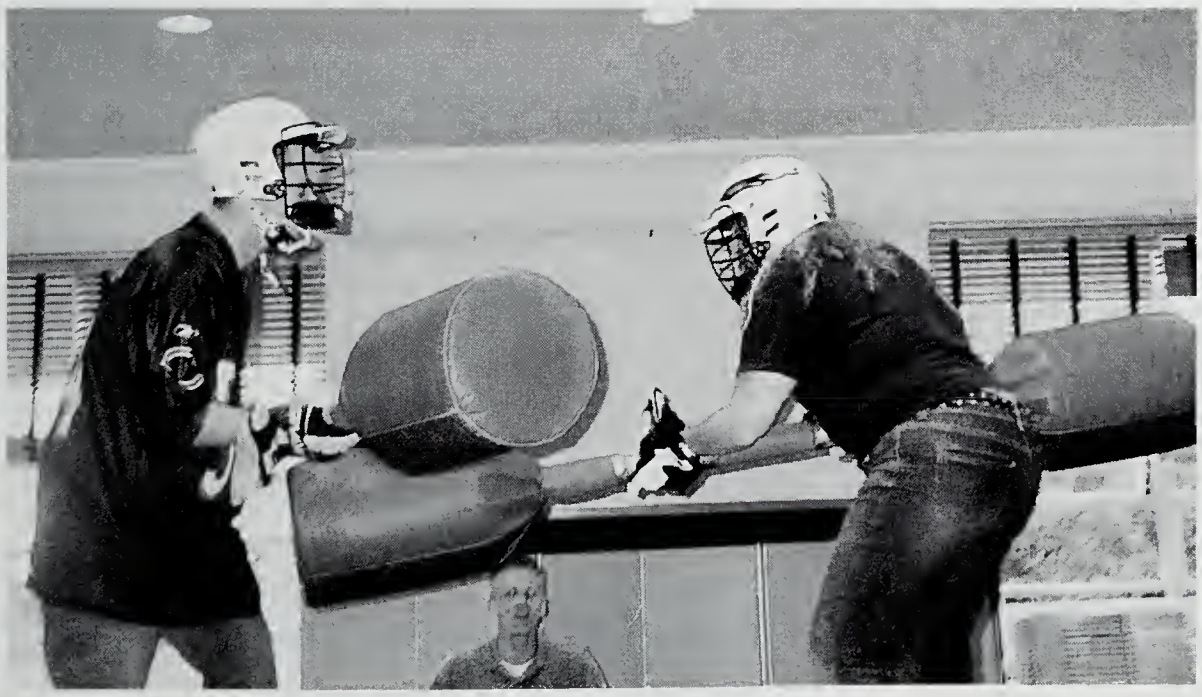
STUDENT LIFE

FALL

Fall Jam is the first of the two biggest celebrations on campus during the school year. It's a time when the whole school goes outside, or, as was the case on September 18, 2004, go inside. Many campus acts have the opportunity to strut their stuff in front of their peers at this 12 hour event. These acts included singing, improv comedy, rock bands and more.

There are also many activities to take part in, such as jousting or make your own snow cones. Wether you utilize the time to re-bond with your friends or, as a freshman, make some new ones, Fall Jam is a great welcome back to Manhattanville, complete with fireworks.

JAM - 04



Rock The Vote

In October of 2004, the Real World's Syrus and Road Rules' Rachelle came to Manhattanville and spoke with the students about the importance of voting. Especially at the upcoming election between John Kerry and George W. Bush.

Tower 2005 is dedicated to Catherine Myers

Some of you might remember Professor Catherine Myers mostly as the Provost of Manhattanville, but she was and is much more than that. Now living on the Cape in Massachusetts, Myers is a proud and loving parent and grandparent. She is also quite fond of her black cat, George, a very fitting pet for those of you who have ever had a conversation with Myers.

Myers graduated summa cum laude with a B.A. from Bryn Mawr College in 1955. She then went to England to attend St. Hilda's College, a school of Oxford University. There she received her Masters in 1961. Two years after she went to Brown University and received her Ph.D. Between 1964 and 1988 Myers was a Chief Reader for College Level Entrance Program. In 1968 Myers came to Manhattanville. She has been with us here ever since. Through out her years here, not only did she continue her role as a Chief Reader, but she also achieved many different fellowships and grants. One grant, which many Manhattanville students probably do not realize Myers was a pioneer of, was for the development of the Manhattanville Portfolio System. She helped to draft the proposal for both Portfolio and Preceptorial.

Through the years she has had many publications, including a couple of novels, a study on The Faerie Queene and some Barnes and Noble Book Notes. She worked as a consultant for the New York State Education Department and for the University of Mid-America, where she helped to develop education programs on American poets for television. Here, at Manhattanville, she has been a Professor of English and one for Preceptorial. She has been the Dean of Studies, Dean of Faculty and of course the Provost.

From the class of 2005, this yearbook goes out to Professor Catehrine Myers, who's wit and intelligence will never be forgotten. Thank you for all you have done.

Congratulations Vanessa,

We are so proud of your academic achievements and awards. Most of all we are so very proud of the very special person you are and hope you will always be successful and happy all through your life. Always keep reaching for the stars and always believe in yourself.

Sasha

Congratulations on your Graduation!!!!!

You have entered adulthood in true form through the rite of passage (In college fashion). You may now proceed with the rest of your life. You can choose to enter the work force or enter Graduate school on your way to becoming a critical factor in our society. Whichever way you choose at this time, you will be building a foundation for your future. Never become lazy or complacent with your status, always strive to reach a higher level personally, professionally, and humanistically. Do not loose touch with your values, ethics, or morals. Understand that we all have a purpose in life and we will end up where we belong as long as we strive toward our higher goals and remain true to our virtues.

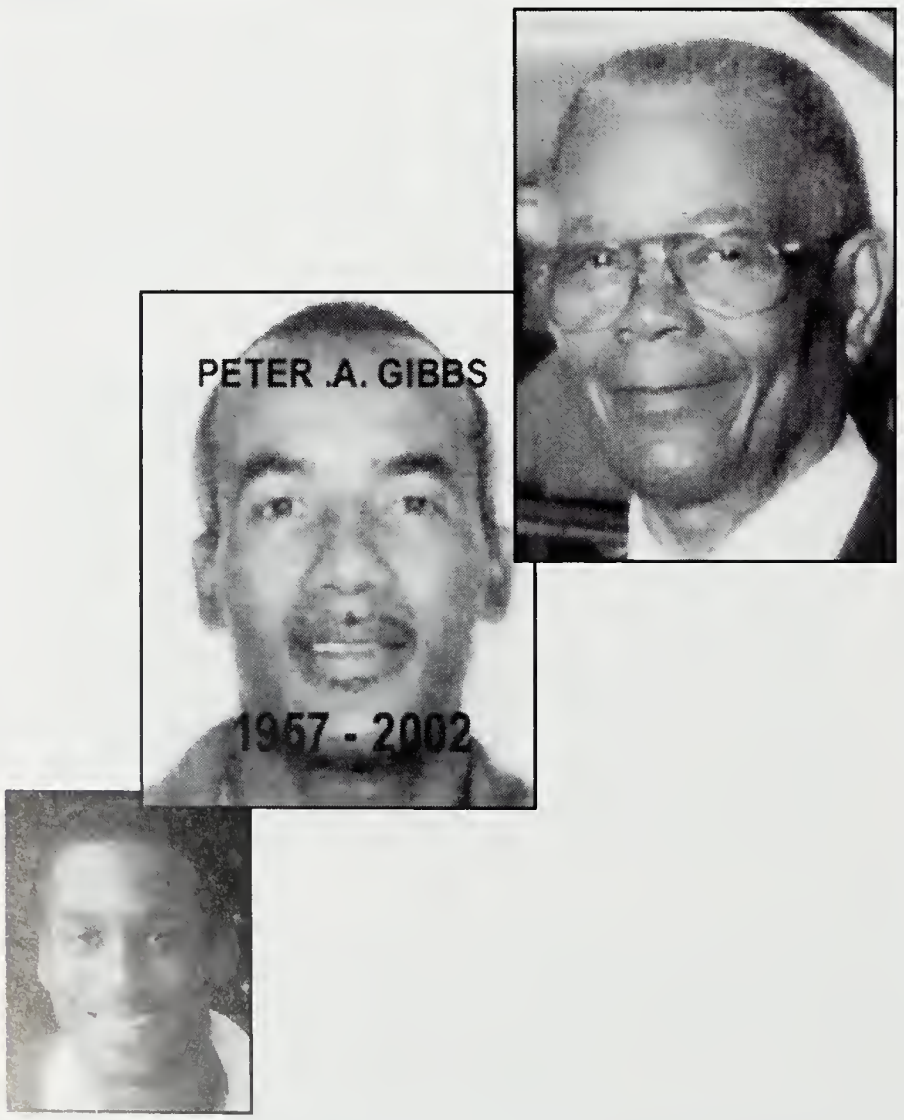
The many friends you have made over these last four years, may they remain with you throughout your life, in memory and/or in person (and not just your roommates). May you also remain with them. You have always held a true appreciation of Humanity, Equality and Justice and your chosen profession in the study of Sociology could not have suited you better. Please know that as we see you off on your Graduation this year, 2005, we are extremely grateful and appreciative of you, your being, and your successes!

CONGRATULATIONS!!!!!!!!!!!!!

Love Mom, Dad and Kristen,
Richie, Maya, and Cooper

Congratulations
Karen!
You will always be our
little girl and you have
made us so proud!
Love,
Mom, Dad & Jonathan

Thank You,
Grandma Koller for
making it possible to
receive this wonderful
education. I have learned
so much and made so
many wonderful friends
and I couldn't have done
it without your help.
Love,
Karen



My graduation I dedicate to my Dad – Peter Adrian Gibbs
Who was suddenly taken from our arms January 15, 2002,
And my grandfather – John Dillon Jordan
Who passed away February 4th, 2005
But whose love and guidance I continue to feel with me always.

We do not need a special day to bring you to our minds
The days we do not think of you are very hard to find.
Although we smile and make no fuss no one misses you like us.
And though the years keep rolling by our loving memories of you will never die.
We think of you as we last saw you with a smile yet on your handsome face.
To us you were very special God must have thought so too.
All our lives we shall miss you as the years come and go,
But in our hearts you will live forever because we loved you so.
We love you now as we loved you then, and we know that we will meet again.

The Gibbs Family and the Jordan Family

Thank You
President Berman and
congratulations on a
wonderful 10 years!

International Bazaar

The International Bazaar is an annual event in the Spring semester, that was started over twenty-five years ago. It is organized by ISO and the Office of International Student Services to celebrate the diversity of the Manhattanville campus. During the Bazaar there is a talent show and an international fashion show.

For those who attend there are contests for prizes like an ipod or home entertainment system. It is a Manhattanville tradition that brings people from different cultures together.

The cafeteria is closed on this night, so everyone gathers in the East Room for the tastes of international cuisine and the show.

History of The Castle

1661 Chief Shanarocke of the Siwanoy Indians turned the land over to John Budd of Southhold, Long Island.

Late 17th century Pathungi reclaimed the land and passed it on to John Harrison of Flushing Queen for 40 pounds. Quaker's called the land, Harrison's Purchase.

1864 Ben Holladay bought 1,000 acres of the land and began to build his marble-halled mansion. His estate was called Ophir Farm. Ben's wife, Ann, built a chapel on the grounds.

1873 Economic disaster started to strike simultaneous to the death of Ann Holladay. Because of a stock collapse, Ben was forced to put his mansion up for public sale.

1883 John Roach purchased the mansion, but the lands were still deteriorating as the time went on. Roach had no time to live at the Ophir Farm. When he died he left all his debts to his Son Garret, who then put the land up for public sale again.

1888 Whitelaw Reid, owner of the New York Tribune, became the owner of Ben Holladay's Ophir Farn It was the first home in Westchester to be equipped with both telephone and electric wiring. Unfortunatel on July 14, 1888 a short circuit caused a fire.

1892 Reid directed the expansion of his home from abroad, as he was the Ambassador to England.

1912 On December 15th, Reid passed away. Leaving the Mansion to his wife.

1930 Ophir Hall became the center for American University women in Paris, France.

1931 Unfortunately, the doors were closed once again as Mrs. Reid acquired pneumonia and passed away

1947 Ogden Reid passed away and the financial burden was too much – it was once again put up for sale

1949 Manhattanville College of the Sacred Heart in NYC, purchased 250 acres of the land.

1951 Groundbreaking ceremony was held for the new project.

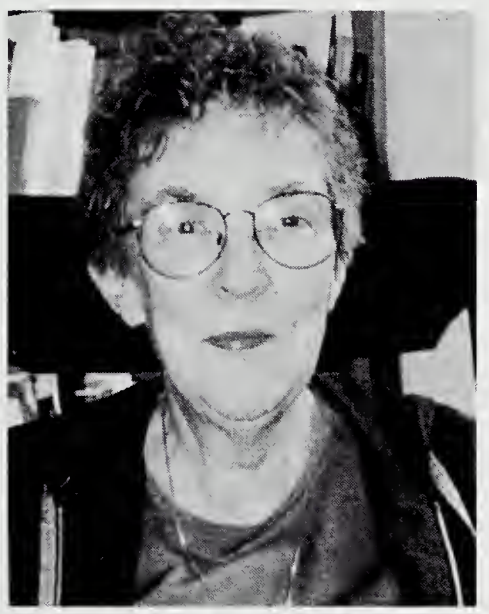
1969 Ophir Hall was renamed Reid Hall (what we all refer to as 'The Castle").

1974 On March 22 the U.S. Department of the Interior placed Reid Hall on the National Register of Historic Places.

1995 February, Richard A. Berman, takes seat in the president's office of the castle, became the 10th president of Manhattanville.

Now Manhattanville is a thriving global community of about 1,500 undergraduate students and 1,000 graduate students from 47 countries and 32 states. The castle is host to administration offices, and both the college's parties and non-college related parties.

Tower 2005 is dedicated to Catherine Myers



Some of you might remember Professor Catherine Myers mostly as the Provost of Manhattanville, but she was and is much more than that. Now living on the Cape in Massachusetts, Myers is a proud and loving parent and grandparent. She is also quite fond of her black cat, George, a very fitting pet for those of you who have ever had a conversation with Myers.

Myers graduated summa cum laude with a B.A. from Bryn Mawr College in 1955. She then went to England to attend St. Hilda's College, a school of Oxford University. There she received her Masters in 1961. Two years after she went to Brown University and received her Ph.D. Between 1964 and 1988 Myers was a Chief Reader for College Level Entrance Program. In 1968 Myers came to Manhattanville. She has been with us here ever since. Through out her years here, not only did she continue her role as a Chief Reader, but she also achieved many different fellowships and grants. One grant, which many Manhattanville students probably do not realize Myers was a pioneer of, was for the development of the Manhattanville Portfolio System. She helped to draft the proposal for both Portfolio and Preceptorial. Through the years she has had many publications, including a couple of novels, a study on The Faerie Queene and some Barnes and Noble Book Notes. She worked as a consultant for the New York State Education Department and for the University of Mid-America, where she helped to develop education programs on American poets for television. Here, at Manhattanville, she has been a Professor of English and one for Preceptorial. She has been the Dean of Studies, Dean of Faculty and of course the Provost.

From the class of 2005, this yearbook goes out to Professor Catehrine Myers, who's wit and intelligence will never be forgotten. Thank you for all you have done.

Congratulations on your Graduation!!!!!

You have entered adulthood in true form through the rite of passage (In college fashion). You may now proceed with the rest of your life. You can choose to enter the work force or enter Graduate school on your way to becoming a critical factor in our society. Whichever way you choose at this time, you will be building a foundation for your future. Never become lazy or complacent with your status, always strive to reach a higher level personally, professionally, and humanistically. Do not loose touch with your values, ethics, or morals. Understand that we all have a purpose in life and we will end up where we belong as long as we strive toward our higher goals and remain true to our virtues.

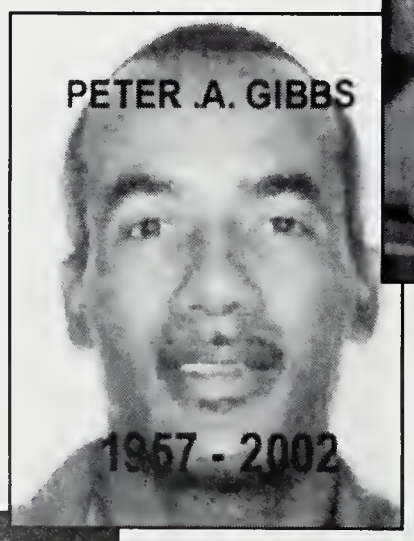
The many friends you have made over these last four years, may they remain with you throughout your life, in memory and/or in person (and not just your roommates). May you also remain with them. You have always held a true appreciation of Humanity, Equality and Justice and your chosen profession in the study of Sociology could not have suited you better. Please know that as we see you off on your Graduation this year, 2005, we are extremely grateful and appreciative of you, your being, and your successes!

CONGRATULATIONS!!!!!!!!!!!!!

Love Mom, Dad and Kristen,
Richie, Maya, and Cooper

Congratulations
Karen!
You will always be our little girl and you have made us so proud!
Love,
Mom, Dad & Jonathan

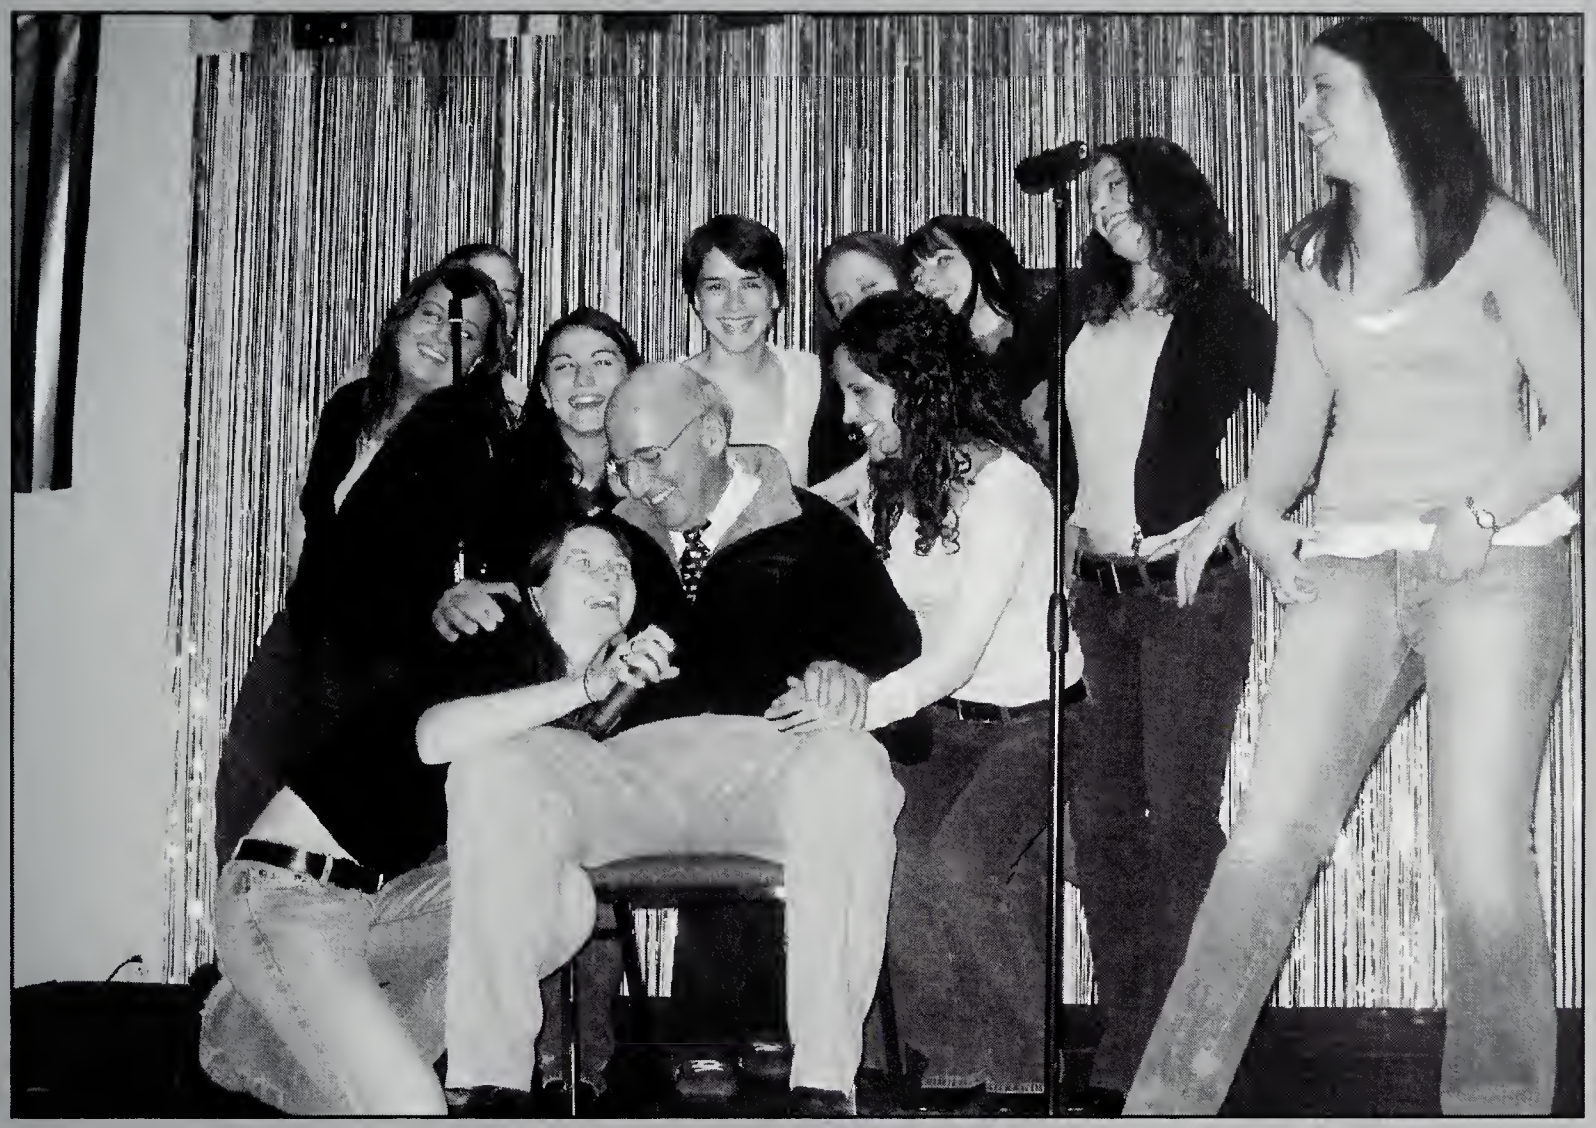
Thank You,
Grandma Koller for making it possible to receive this wonderful education. I have learned so much and made so many wonderful friends and I couldn't have done it without your help.
Love,
Karen



My graduation I dedicate to my Dad – Peter Adrian Gibbs
Who was suddenly taken from our arms January 15, 2002,
And my grandfather – John Dillon Jordan
Who passed away February 4th, 2005
But whose love and guidance I continue to feel with me always.

We do not need a special day to bring you to our minds
The days we do not think of you are very hard to find.
Although we smile and make no fuss no one misses you like us.
And though the years keep rolling by our loving memories of you will never die.
We think of you as we last saw you with a smile yet on your handsome face.
To us you were very special God must have thought so too.
All our lives we shall miss you as the years come and go,
But in our hearts you will live forever because we loved you so.
We love you now as we loved you then, and we know that we will meet again.

The Gibbs Family and the Jordan Family



Thank You
President Berman and congratulations on a wonderful 10 years!
